**POLYMATECH ELECTRONICS PRIVATE LIMITED**

**CIN : U32107TN2007FTC063706**

**Note 1 : Significant Accounting Policies**

**1.01 Basis of Preparation of Financial Statements :**

POLYMATECH ELECTRONICS PRIVATE LIMITED ('the Company'), incorporated in India on 29-May-2007 is engaged in the business of Information Technology and related activities. The CIN of the Company is U32107TN2007FTC063706. The registered office of the Company is in Chennai, India.

These financial statements are prepared in accordance with the Indian Generally Accepted Accounting Principles ('GAAP') under the historical cost convention on the accrual basis. GAAP comprises mandatory accounting standards as prescribed under section 133 of the Companies Act, 2013 ('Act') read with Rule 7 of the Companies (Accounts) Rules, 2014, the provisions of the Act (to the extent notified). Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard required a change in the accounting policy hitherto in use. These financial statements are prepared and presented in Indian rupees.

**1.02 Use of Estimates :**

The preparation of financial statements in conformity with AS and GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosures of contingent liabilities on the date of financial statements and reported amounts of revenue and expenses for that year. Actual result could differ from these estimates. Any revision to accounting estimates is recognized prospectively.

**1.03 Going Concern :**

The financial statements have been prepared on a "Going Concern" basis.

**1.04 Property, plant and equipment, depreciation and amortisation:**

Property, plant and equipment are stated at the cost of acquisition less accumulated depreciation. The cost of fixed assets includes freight, duties, taxes and other incidental expenses relating to the acquisition of assets.

Advance paid towards the acquisition of property, plant and equipment, outstanding at each balance sheet date are shown under capital advances. The cost of the Property, plant and equipment not ready for its intended use on such date, is disclosed under capital work-in-progress.

Depreciation is provided on the straight-line method at the rates prescribed under Schedule II to the Companies Act, 2013. In the opinion of Management, these rates represent the useful lives of these property, plant and equipment. Pro-rata depreciation is provided on all property, plant and equipment purchased and sold during the year.

**POLYMATECH ELECTRONICS PRIVATE LIMITED**

**CIN : U32107TN2007FTC063706**

**Note 1 : Significant Accounting Policies**

---

**1.05 Impairment of Asset :**

The Company periodically assesses whether there is any indication that an asset or a group of assets comprising a cash-generating unit may be impaired. If any such indication exists, the Company estimates the recoverable amount of the asset. For an asset or group of assets that does not generate largely independent cash inflows, the recoverable amount is determined for the cash-generating unit to which the asset belongs. If such recoverable amount of the asset or the recoverable amount of the cash-generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognised in the statement of profit and loss. If at the balance sheet date there is an indication that if a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount subject to a maximum of depreciable historical cost. An impairment loss is reversed only to the extent that the carrying amount of asset does not exceed the net book value that would have been determined; if no impairment loss had been recognised.

**1.06 Revenue Recognition :**

Revenue is recognised only when it can be reliably measured and it is reasonable to expect ultimate collection. Dividend income is recognised when right to receive is established. Interest income is recognised on time proportion basis taking into account the amount outstanding and rate applicable.

**1.07 Current -non-current classification :**

All assets and liabilities are classified into current and non-current.

**Assets**

An asset is classified as current when it satisfies any of the following criteria:

- (a) it is expected to be realised in, or is intended for sale or consumption in, the entity's normal operating cycle;
- (b) it is held primarily for the purpose of being traded;
- (c) it is expected to be realised within twelve months after the balance sheet date; or
- (d) it is cash or a cash equivalent unless it is restricted from being exchanged or used to settle a liability for atleast twelve months after the balance sheet date.

Current assets include the current portion of non-current financial assets.

All other assets are classified as non-current.

**POLYMATECH ELECTRONICS PRIVATE LIMITED**

**CIN : U32107TN2007FTC063706**

**Note 1 : Significant Accounting Policies**

**Liabilities**

A liability is classified as current when it satisfies any of the following criteria:

- (a) it is expected to be settled in, the entity's normal operating cycle;
- (b) it is held primarily for the purpose of being traded;
- (c) it is due to be settled within twelve months after the balance sheet date; or
- (d) the company does not have an unconditional right to defer settlement of the liability for at least 12 months after the reporting date. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

Current liabilities include current portion of non-current financial liabilities.

All other liabilities are classified as non-current.

**Operating cycle**

Operating cycle is the time between the acquisition of assets for processing and their realisation in cash or cash equivalents. Based on this, the Company has ascertained less than 12 months as its operating cycle and hence 12 months has been considered for the purpose of current - non-current classification of assets and liabilities.

**1.08 Taxes on Income :**

Income-tax expense comprises current tax (i.e. amount of tax for the year determined in accordance with the income tax law) and deferred tax charge or credit (reflecting the tax effect of timing differences between accounting income and taxable income for the year). Deferred tax in respect of timing difference which originate during the tax holiday period but reverse after tax holiday period is recognised in the period in which the timing difference originate. For this the timing difference which originate first are considered to reverse first. The deferred tax charge or credit and the corresponding deferred tax liabilities or assets are recognised using the tax rates that have been enacted or substantively enacted by the balance sheet date. Deferred tax assets are recognised only to the extent there is reasonable certainty that the assets can be realised in future, however, where there is an unabsorbed depreciation or carry-forward losses under taxation laws, deferred tax assets are recognised only if there is a virtual certainty of realisation of such assets. Deferred tax assets are reviewed as at the balance sheet date and written down or written-up to reflect the amount that is reasonably/ virtually certain as the case may be to be realised.

The Company off sets on a year on year basis, current tax assets and liabilities where it has a legally enforceable rights to set off and where the Management intends to settle such assets and liabilities on a net basis.

**1.09 Provisions, Contingent Assets and Contingent Liabilities :**

Provision is recognised when, as a result of an obligating event, there is a present obligation that probably requires an outflow of resources and a reliable estimate can be made of the amount of obligation.

The disclosure of contingent liability is made when, as a result of an obligating event, there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources.

No provision or disclosure is made when, as a result of obligating events, there is a possible obligation or a present obligation where the likelihood of an outflow of resources is remote.

Provisions for onerous contracts, i.e. contracts where the expected unavoidable costs of meeting the obligations under the contract exceed the economic benefits expected to be received under it, are recognised when it is probable that an outflow of resources embodying economic benefits will be required to settle a present obligation as a result of an obligating event based on a reliable estimate of such obligation.

**1.10 Borrowing Costs :**

Borrowing costs that are directly attributable to the acquisition or construction of qualifying assets are capitalised as part of cost of such assets till such time the asset is ready for its intended use. All other borrowing costs are charged to the Statement of Profit & Loss as period costs.

**1.11 Intangible Assets :**

Intangible assets are recognised only if it is probable that the future economic benefits that are attributable to the assets will flow to the enterprise and the cost of assets can be measured reliably. The intangible assets are recorded at cost and are carried at cost less accumulated amortization and accumulated impairment losses, if any.

**1.12 Earnings Per Share (EPS) :**

Basic earnings per share is computed by dividing the net profit attributable to equity shareholders for the year by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the net profit attributable to the equity shareholders for the year by the weighted average number of equity and equivalent diluted equity shares outstanding during the year, except where the results would be anti-dilutive.

**1.13 Cash flow statement**

Cash flows are reported using the indirect method, whereby net profit / (loss) before tax is adjusted for the effects of transactions of a non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from regular revenue generating, investing and financing activities of the Company are segregated.

## (c) Rights, preferences and restrictions attached to equity shares

The Company has only one class of share referred to as equity shares having a par value of Rs 10. Each holder of the equity share, as reflected in the records of the Company as of the date of the shareholder meeting, is entitled to one vote in respect of each share held for all matters submitted to vote in the shareholder meeting. The Company declares and pays dividends in Indian rupees. The dividend proposed by the Board of Directors is subject to the approval of the shareholders in the ensuing Annual General Meeting. In the event of liquidation of the Company, the holders of equity shares will be entitled to receive any of the remaining assets of the Company after distribution of all preferential amounts. The distribution will be in proportion to the number of equity shares held by the shareholders.

## (d) Buy back of shares and shares allotted by way of bonus shares

The Company has not allotted any fully paid-up equity shares by way of bonus shares nor has it bought back any class of equity shares from the date of incorporation till the balance sheet date, Further the Company has not issued any shares for consideration other than cash from the date of incorporation till the balance sheet date.

	<b>3,77,69,92,800</b>	<b>15,35,03,304</b>

*[Handwritten signature]*

Particulars	For the year ended 31st March 2023	For the year ended 31st March 2022
<b>Note 25 CSR Expenditure</b>		
<p>During the year apart from setting aside a sum of Rs. 36 Lakhs under the Government suggested social initiative "CSR" (Corporate Social Responsibility) and the same was spent through an entity registered for undertaking CSR Activities which was granted approval on 23.11.2009.</p> <p>The Company has spent for both the financial years, i.e FY Mar 21 &amp; FY Mar 22 in the current FY Mar 23 as per the requirements and there is no further CSR obligation pending as of 31st March 23 in this regard.</p>		
<b>Note 26 Fair Value Measurement</b>		
<p>There is no need for any Fair Value Measurement as the Company has not made any investment nor involved in any stock exchange related activities.</p>		
<b>Note 27 Financial Risk/ Management Risk</b>		
<p>The Company's activities did not involve any other activity except normal manufacturing and marketing activities hence does not get exposed to various abnormal financial risks: credit risk, liquidity risk or market risk.</p>		
<b>Note 28 Capital Mangement</b>		
<p>The Company's objectives when managing capital are to:</p> <ul style="list-style-type: none"> <li>• safeguard their ability to continue as a going concern, so that they can continue to provide returns for shareholders and benefits for other stakeholders, and</li> <li>• maintain an optimal capital structure to reduce the cost of capital.</li> </ul> <p>The capital structure of the Company is based on management's judgement of the appropriate balance of key elements in order to meet its strategic and day-to-day needs. The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. The funding requirement is met through a mixture of equity, long term borrowings and short-term borrowings.</p>		
<b>Note 29 Additional Regulatory Information</b>		
<p>(a) The Company has no transactions with companies struck off under section 248 of the Companies Act, 2013 or section 560 of the Companies Act, 1956.</p> <p>(b) The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority or other lender in accordance with the guidelines on wilful defaulters issued by the Reserve Bank of India.</p> <p>(c) There is no income surrendered or disclosed as income during the current or previous year in the tax assessments under the Income Tax Act, 1961, that has not been recorded in the books of account.</p> <p>(d) The Company has not traded or invested in crypto currency or virtual currency during the current or previous year.</p> <p>(e) There are no charges or satisfaction which are yet to be registered with the Registrar of Companies beyond the statutory period.</p> <p>(f) The Company has not revalued its Property, plant and equipment (including Right-of-Use Assets) or intangible assets or both during the current or previous year.</p> <p>(g) The Company has raised funds on short term and long term basis from banks and financial institutions, and have been applied for the purpose for which they were obtained.</p> <p>(h) The Company has not entered into any scheme of arrangement which has an accounting impact on current or previous year.</p>
