The Commercial Industrial division of the Company posted more or less stagnant growth.

The Company posted annual revenues of 49.25 crores as against 57.29 Cr. recorded last year. The reduction in turnover is primarily due to the absence of any major solar project similar to the 9 Cr. KSEB project executed last year. The Company has 3 revenue segments – Retail, Commercial / Industrial and Solar. The retail segment recorded a mild growth of 5% over last year. Within retail segment the sale of antishiplifting systems recorded a growth of 32% over last year. This was possible due to appointment of more dealers as part of our silver partner programme. Exports took a hit from revenues dipping from 839 lacs of last year to 682 lacs this year primarily due to US – China trade sanctions.

The commercial / industrial segment recorded a mild drop from revenues of 1142 lacs of last year to Rs. 925 lacs this year. This was again due to absence of a large project similar to Manappuram Finance of last year.

The solar segment did only 78.54 lacs this year as against 836.43 lacs last year. This was due to a shift in technology from Ferro cement technology to plastic floats technology for floating solar farm. The solar division expects several major orders in the current financial year and be able to bring substantial revenues.

Earnings per share(EPS) was Rs.3.37 per share for the year under review as against Rs. 3.08 in the previous year.

No material changes and commitments have occurred after the close of the year till the date of this Report, which affect the financial position of the Company.

Future outlook for the Company is positive on account of the vision of your Company to continue and strengthen growth in coming years by addition of new products and by way of development of dealer network PAN India.

Our Audit procedures included and were not limited to the following :

- 1) Assessing the nature of the costs incurred to test whether such costs are incurred specifically to meet the recognition criteria as set out in para 16 to 22 of Ind AS 16.
- 2) Evaluating the assessment provided by third party vendors involved in the construction and testing process to determine whether capitalization ceased when the asset is in the location and condition necessary for it to be capable of operating in the manner intended by the management.

Other Information

The Company's Management and Board of Directors are responsible for the preparation of the other information. The other information comprises the information included in the Company's annual report, but does not include the financial statements and our auditors' report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Standalone Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in Section 134 (5) of the Act, with respect to the preparation of these standalone financial statements that give a true and fair view of the state of affairs, profits and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the

Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process

Auditors' Responsibility for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

ANNEXURE B TO THE INDEPENDENT AUDITORS' REPORT – 31 MARCH, 2019

Report on the Internal Financial Controls with reference to the aforesaid standalone financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)(Referred to in paragraph (A)(f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report of even date)

Opinion

We have audited the internal financial controls with reference to standalone financial statements of M/s.Adtech Systems Limited (“the Company”) as at 31 March 2019 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to standalone financial statements and such internal financial controls were operating effectively as at 31 March 2019, based on the internal financial controls with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the “Guidance Note”).

Management’s Responsibility for Internal Financial Controls

The Company’s management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal controls with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with respect to standalone financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to standalone financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to standalone financial statements were established and maintained and whether such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with respect to standalone financial statements and their operating effectiveness. Our audit of internal financial controls with respect to standalone financial statements included obtaining an understanding of internal financial controls with respect to standalone financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors’ judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system with reference to standalone financial statements.

Meaning of Internal Financial Controls with reference to Standalone Financial Statements

A company’s internal financial controls with reference to financial statements is a process designed to provide reasonable assurance

regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;(2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Limitations of Internal Financial Controls with reference to Standalone Financial Statements

Because of the inherent limitations of internal financial controls with reference to standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to standalone financial statements to future periods are subject to the risk that the internal financial control with reference to standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

GLOBAL ECONOMY

In the year under review, global economic activity showed signs of recovery and is expected to continue to recover from the stagnancy which it experienced in the earlier years. Robust Global demand is expected in the coming years which will be matched with increased supplies, coupled with reasonable inflation and optimistic financial markets. We expect margins to shrink in view of intensely competitive markets. Taking on competition by reducing prices has increased our export revenues. Inflation stayed more or less constant and commodity prices show declining trend in the years to come.

INDIAN ECONOMY

India's economy became one of the world's fastest growing economy and is ranked 100th out of 190 countries in the World Bank's ease of doing business Index. Indian economy has grown 6.8 % during the financial year 2018-19 and is projected to grow by 7.0 % in the fiscal year 2019 and 7.2 % in the fiscal year 2020.

The temporary setbacks due to demonetisation has already been overcome and is giving its positive results by way of increased tax revenues and improving credit growth. Introduction of GST has supplemented benefits arising out of demonetisation by way of reduction in business costs due to availability of input tax credits on all business expenditure.

OUTLOOK ON INDUSTRY

While the India Government has been taking several new initiatives to strengthen the economy, they are long terms measures. However, these measures have affected the country's economy which are believed to be affecting in the short-term period. These measures are expected to give positive results towards the last quarter of the year onwards. We expect the revival in economy giving a boost to our Commercial, Industrial and Solar business. The retail segment has been witnessing a gradual growth since last year. The various measures taken by the Government in the last budget is expected to strengthen the Retail Industry which will in turn benefit Adtech's retail business.

OUTLOOK OF ADTECH SYSTEMS LIMITED

Adtech has this year given a major thrust to winning large value C/I projects especially in the government and defence sectors.

It has appointed a senior person as V.P. Projects to work exclusively for winning large value project orders. Adtech has also given thrust to adding more products to be sold under the Silver partner programme. This is essentially adding new products which could be sold thru. the Dealer channel sales.

All the above initiatives are expected to bring a minimum sales growth of 25% this financial year.

OPPORTUNITIES AND THREATS

The Company is engaged in providing sophisticated solutions in the electronic surveillance segment . The Company seeks to make full use of this growing awareness of the requirement of electronic security protection. The Company provides integrated solution and employs professional work force. We now cater to numerous corporates as their exclusive electronic security solutions provider which position is not unassailable. Constant attempts both from the organised and unorganised sector remains a threat to our business and earnings. The Team works hard to retain the customers which affects by providing the latest solution at the best price and support.

RISK FACTORS AND CONCERNS

Our success largely depends on the continued services and performance of our management, our technical team and other key personnel as our business is revolving around technical capabilities of our personnel's which is human approach to be precise with. The loss of service of the management, our technical team and key personnel could seriously impair the ability to continue to manage and expand the business efficiently. Further, the loss of any of the senior management or other key personnel may adversely affect the operations, finances and profitability of our Company. Any failure or inability of our Company to efficiently retain and manage its human resources would adversely affect our ability to implement new projects and expand our business.

The growth of our business depends on the operations to realize our vision of attaining size and to improve our cost competitiveness. In order to achieve such future growth, we need to effectively manage our new project, our resources and accurately assess new markets, attract new customers, obtain sufficient financing, control our input costs, maintain sufficient operational and financial controls and make additional capital investments to take advantage of anticipated market conditions and keep on learning and inventing on technology. We expect our growth to place significant demands on our management and other resources. Any inability to manage our growth could have an adverse effect on our business, financial condition and results of operations.

The cost of implementing any new technologies could be significant and could adversely affect our business and financial condition. While we regularly upgrade our technology, the emergence of newer technologies could render our current technology ineffective or obsolete and may adversely affect the cost structure and competitiveness of our products and services. Changes in technology with which we are unable to keep pace, or which render our products and services less useful to customers and the market, could affect our growth, business, financial condition and results of operations.

We commit resources to projects prior to receiving advances or other payments from customers in amounts sufficient to cover expenditures on projects as they are incurred. We may be subject to working capital shortages due to delays or defaults in

customer payments. If customers default in their payments on a project to which we have devoted significant resources or if a project in which we have invested significant resources is delayed, cancelled or does not proceed to completion, it could have a material adverse effect on our business, financial condition and results of operations.

The input costs of the products/services of the Company may increase due to *various reasons. In case the Company is not able to pass on such increase to the consumers because of competition or otherwise, it may affect the profitability of the Company.

Competition would have an adverse impact on our business and financial performance. The industry, in which we are operating, is highly and increasingly competitive and unorganized and our results of operations and financial condition are sensitive to, and may be materially adversely affected by, competitive pricing and other factors. Competition may result in pricing pressures, reduced profit margins or lost market share or a failure to grow our market share, any of which could substantially harm our business and results of operations.
